Adam & Cheryl – Let me know if I can provide any assistance, for example, providing documents related to engineering plan reviews, or if you'd like to discuss this case.

**We are committed to service excellence.**

Visit our survey at <http://dnr.wi.gov/customersurvey> to evaluate how I did.

**Gretchen Wheat, P.E.**

Water Resources Engineer – Watershed Management Bureau/Water Division

Wisconsin Department of Natural Resources

**Subject:** CSD

Cheryl,

I received your voicemail. Sorry for the confusion about who's leading up the CSD workload at DNR. We've done a lot of workload shifting and haven't done the best job of notifying internal and external customers about those changes. Sorry about that . . .

I currently show Adam Scheunemann as the contact in the WDNR's database (SWAMP) for CSD. He is cc'd here and his contact information is here:

<http://dnr.wi.gov/staffdir/newsearch/ContactSearchResultsExt.aspx?cno=47282&cSrc=EMPLOYEE>

He would be the one with whom you'd coordinate the potential site visit.

The contact information I show for Mr.  is below (first is phone; second is fax)

## **Ex. 6 Personal Privacy (PP)**

Adam: Cheryl Burdett is our EPA counterpart with an area of responsibility that includes several states including WI. She would like to set up a site visit at CSD, and we usually make every effort to accompany EPA and accommodate their schedule, although we're only there in an advisory capacity and they lead the inspection. EPA does **not notify permittees in advance** about these types of inspections, so I wouldn't cc the facility or anything like that unless asked by EPA to do so. Cheryl can discuss this with you further. Her contact information is: **Water Enforcement:** [Cheryl Burdett burdett.cheryl@epa.gov](mailto:Cheryl.Burdett@epa.gov) 312-886-1463.

Thank you, and let me know if you have any follow-up concerns or questions.

Mike Carlson
